

This is My Isagenix Weight Loss Story

My name is Diane Biesinger. Before Isagenix I lacked the energy to really keep up with the pace of life. Not having the energy created additional stresses and the extra weight I had put on didn't help either. I weighed more than I did at full-term pregnancy. I was walking with a cane and hunched over. I was quite an unpleasant person and my family bore the brunt of it. I had tried several weight loss systems that seemed to work initially ~ then I gained the weight back and more.

I was introduced to Isagenix by my parents in 2004 ~ but was not ready or open. Fast forward to 2008. I was now fed up and ready for a change. In the first few months of using Isagenix ~ I released 30 pounds ! I was thrilled by the results ~ not just with my weight loss ~ but loved the increased energy and ability to deal with stress. I began exercising and was able to stand up straight and got rid of the cane.

Since then I haven't looked back. I have repeatedly used the 30-Day Cleanse Program along with a mix of other products and have now released a total 50 pounds ~ I went from a large size 18 to a size 10. It's been 25 years since I fit into that size !

Now I am 50 pounds leaner and I'm in the best shape of my life. I am strong. My muscle is defined. I eat healthy, have lots of energy, and sleep like a baby. I feel great. This really encouraged me to take on more and expand my goals and dreams in life . . . if I can do this ~ I can do anything !

I decided to help others achieve the benefits I did ~ and joined my parents in the business. I am now coaching others to better health and wealth. This business allows me to work from home and be there for my daughter. Thank you very much to my parents Steven Bis and Carolyne Rodrigues ~ and thank you Isagenix.
