

This is My Isagenix Weight Loss Story

My name is Steve Emery and I am a real estate salesman in Coeur d'Alene ID. I was in my office one day talking to a friend when the subject turned to health. I mentioned to him how my feet had been hurting so much I thought it might end my career. After all, what good is an agent who can't take you around and show you homes. It had gotten so bad that even 15 minutes on my feet and I was in a lot of discomfort. I knew I was at least 40 lbs overweight and that my sugar levels were quite high, and figured that had quite a bit to do with my problems. My friend told me about Isagenix and gave me his business card. That night I went on the website, looked over the information and signed up. I figured ~ what do I have to lose ~ it comes with a money back guarantee.

I started on the 30-Day program and was hopeful for some benefits that I might receive through the cleanse. I had no idea what was about to happen ! I had even read that the average weight lost was 5 – 15 lbs. during the first Cleanse. I thought that if that happened, that would be great. During the first days nothing short of a miracle happened. The discomfort in my feet melted away to nothing. After about a week, my wife and I even started doing some Mall Walking ~ four laps at first, then six, then eight. During the first Cleanse, I lost 12 lbs and over the next few months ~ I lost a total of 40 lbs.

But that's not the end of the story ~ I started noticing how much energy I had and how I now would wake up early instead of sleeping in every day. Over the next two months, I lost an additional 10 lbs for a total of 50 lbs lost. It was as though someone turned back the clock about 20 years. As for my real estate career ~ I am no longer worried about that. Not so much because my feet no longer bother me but because I now have a new career as an Isagenix Independent Representative. This company not only helps to bring your body to peak performance but gives us an opportunity to serve the community and get paid for doing it. There has never been another company like Isagenix and I plan to be here for the long haul.

Steve Emery

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.

These statements have not been evaluated by the Food and Drug Administration. These products are not intended to diagnose, treat, cure or prevent any disease. Earning levels for Isagenix Independent Associates that appear in this publication should not be construed as representative of fixed or typical income earned with an Isagenix business, nor are they intended to represent that other Associates will eventually achieve the same level of income. Income level achievements are dependent upon the individual Associate's business skills, personal ambition, time, commitment, activity and demographic factors.
