

This is My Isagenix Weight Loss Story Released 58 pounds !

I began my journey with this AMAZING product Jan 15, 2007. I was 30 years old and my weight was out of control at 302 pounds. I knew if I wanted to see my children grow up, get married and have children of their own, I'd better make a change. So I did!

I joined the Isagenix family and boy have I changed. **I released 58 pounds, 12 inches from my belly,** 8 inches from my waist, 3.5 inches from my neck, 2 inches from each arm and my skin shrunk along with my weight loss. I feel better than ever. I sleep better. My bones and joints don't hurt any more and my personal and professional life has become amazing. I am active and enjoy life every day.

Although all of this is Wonderful, Great and Amazing - it gets BETTER ! I have brought many of my family and friends on board. **My Dad is 60 years young and has released 32 pounds.** His health has greatly improved in many ways. **My Mom is also 60 years young and has released 28 pounds.** She also improved her health and feels fabulous. I love my Mom and Dad very much and I want them to be around a long time. Isagenix is helping us all do just that.

My wife is 37 and has released 30 pounds. She weighs less than before she got pregnant. She looks and feels AMAZING ! There are so many more people to list ~ we could be here all day.

As if all of this was not good enough ~ I am on my way to FINANCIAL FREEDOM ! I never imagined that I could get healthy, feel better and help other people get healthy and feel better ~ all the while earning residual income. By the end of the year ~ I will have made more money with Isagenix than I ever made owning my own Marketing Company. I have no more headaches about employees, market turns, and day to day business problems. Now I can work from anywhere in the world - any time I want, and help people all day long.

Chris Schott ~ Clearwater, FL

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
