## Ricky Henuk ~ Indonesia

I was obese my whole life. Since 17 yo, I suffered from a debilitating condition in my back. Almost disabled ~ carrying way too much excess weight ~ I decided to try the Isagenix Nutritional Program and accepted the IsaBody Challenge. I released over 100 pounds and my life is totally transformed. I am now happily married with a 2 year-old son. I am so grateful and feel like I have a second chance in life... Born again !
