

MY ISAGENIX STORY

SINGLE MOM, AVERAGE PERSON . . . CREATES HUGE ISAGENIX SUCCESS \$\$\$

My name is Shauna Ekstrom and I own a Beauty Salon in Enumclaw, WA. Eight years ago - in an effort to replace my Salon income and have more time freedom - I was introduced to Network Marketing **and fell in love with the concept and benefits of residual income.** However - until Isagenix, I did not manage to get this off the ground. But, it was not for lack of trying!

Then in June 2002, I was introduced to Isagenix. **What a huge change that made in my life . . . my Isagenix Business began!** After my Starter Kit arrived, and for the next 9 days, I could not believe the results I was seeing in the mirror. I had lost over 7 pounds and 2.5 % body fat! I waited 10 days and then did another 9-Day Isagenix "Cleanse". This time I dropped over 9 pounds and even more body fat! **The bottom line . . . after 2 "Cleanses" I had lost a massive amount of inches everywhere and 3 dress sizes!** I was back to a size 4-6 . . . a weight I had not seen in 20 years.

Needless to say, my clients wanted to know HOW I got this "New Look". When I showed them the products – **and a Poster of Peter Oelmann (Hall-of-Famer #1)**, I signed up EIGHT people on the very first day – and got them started on their first Cleanse. From then on, I have shared the Isagenix Opportunity with everyone I come in contact with. I have called my friends and relatives in complete confidence that the Isagenix products flat-out work . . . which makes it a great business!

After working 50 hours a week "behind the chair" as they call it in my industry – **I was growing my Isagenix business rapidly – primarily because of the results people were having** – and by word of mouth. I now have the money and time to fly across the country when I desire to see my cute little grandchildren . . . whenever I want. The income and time freedom has also helped me spend more time with my 16-year-old son (the last of 3 at home). Nathan is in Acting School with a Top Agency that I could have never have afforded with just my Salon income. **I also bought a new home, plus a rental home . . . AND a new car in the last year . . . all with my Isagenix income !**

I am proof that a 51-year-old, single Mom, average person, can make the Isagenix opportunity work. I encourage everyone to take a serious look at Isagenix . . . from BOTH a Product and Business dimension. The timing is perfect. **Make Your Dreams Come True !**
