

This is Our ISAGENIX STORY

As Naturopathic Doctors, we have been concerned for years about healthy ways to lose weight that really works. We tried so very many and were always disappointed. If they worked at all, it wasn't long before it all came back, and more. We got so excited to find a healthy "Cleansing and Nutrient Fortification" system that enables the body to achieve such great results so quickly.

You can imagine our excitement when Paul lost 12 ½ pounds in 2 days. In 5 weeks, he had gone from a size 42 to between a 34 and 36 inch waist. With a total of 50 pounds gone - he looks years younger ! His skin is clearer and he has so much energy. Even fasting for 40 days didn't do this, and then it all came right back. With Isagenix, it not only stays off, but if you do put back on a few pounds - two days on the Fast Start Cleanse Drink – and you're right back there again.

Carol had a total of 13 pounds to lose which went in 3 weeks, along with 25 inches ! Never in her adult life had she been wearing a size FOUR. WOW ! How exciting. At 60 years old and through menopause - that is really tough to do.

Isagenix has literally improved our lives, our health and our mental state.

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
