

## Husband and Wife lose over 40 pounds!

Miriam lost over 20 pounds and 1.5 dress sizes using the program intermittently over 10 weeks

Kenneth lost 18 pounds and 3 inches from his waist with two 9-day programs.

Hi, I'm Kenneth J. Kerr – You can see the difference Isagenix has made (and continues to make) for my wife and I in the photos above. I came across Isagenix when Fred Vokey asked me to take his “Before & After pictures.” So, for those skeptics who think the pictures are doctored, trust me – they are not! In fact, because of Fred's results, I signed up into the business, but admit that I didn't do much until I began to use the products myself, that's when the lights came on! Being a product of the products is so important.

I used to own a software company and during seven years in front of the screen, I gained around 30 Lbs that proved next to impossible to shift. However, that changed! In just two 9-day programs, 18 Lbs came off Easily, Quickly and Safely. Now I maintain a healthy weight with ease, and continue to enjoy the benefits of both the Isagenix Products and the Isagenix Income Opportunity. I heartily recommend both!

My wife also continues to enjoy the products. Her results have been slower (as often happens with women) but no less dramatic and pleasing. She's down about 25 Lbs now and is looking forward to another 9-day session and the continued success that comes with this miraculous health-gain and weight-loss System. We both love the positive comments that come from friends, the fact we can get into smaller clothes again, and the feeling of success that comes when we look in the mirror! - **ISAGENIX WORKS!!!!**

Weight-loss results may vary. In a recent study, participants averaged a weight loss of 7 pounds at the completion of their first Isagenix 9 Day Program. Always consult your physician before making any dietary changes or starting any nutrition, weight or exercise program.
