

This is My ISAGENIX Weight Loss Story

BEFORE ISAGENIX CLEANSE

AFTER ISAGENIX CLEANSE

At 44 years of age, I realized that my weight had ballooned to a 190 pounds and I resigned myself to the fact that I would be like this the rest of my life.

At first, I was skeptical when my mother introduced me to the Isagenix Cleansing System but I went ahead and tried it. After 5 months on the Isagenix program, **I have lost 50 pounds, 10 inches from my waist and have gone from a size 20W to a size 7** ! I can even now wear the same clothes as my seventeen year old daughter.

Isagenix has dramatically changed my life. Besides my improved health and younger appearance, my moods have changed for the better.

I was a full-fledged overweight, out-of-shape couch potato prior to Isagenix. I couldn't even walk 10 minutes without running out of breath. Then almost 5 months to the day that I had started the Isagenix Cleansing System, I ran in our local 5K run to benefit the local Martinez School District. I was hoping to simply finish the race - hopefully not in last place - but I did better than that. Out of over 400 entrants, I finished 175th.

Isagenix has changed my life for the better and is truly a miracle. I am a walking testament to this fact. Having lived through an over-weight and unhealthy physical state for so many years, I believe that anyone can make the necessary changes to improve their life just as I have done over the past few months with such dramatic results.

I have never felt better in my life. What a treat at age 44 ! I am now looking forward to a long and healthy life - when in the very recent past I was beginning to dread what may have been a short and very unhealthy existence.
