

## This is My Isagenix Weight Loss Story

**My Name is Fred and this is my story. In 30 days, I have lost 30 lbs and 20 inches using the Isagenix Cleansing and Fat-Burning System. Over a period of several years, more and more things in my closet were getting moved to "the one day in the future side". I didn't even like looking at pictures of myself because I felt I looked like a weather balloon. Just recently I discovered I couldn't wear my winter coats. I sing professionally and my tuxedos made me look like a very large penguin.**

**I knew something had to be done and I had a few ideas of what I would need. I tried and failed many diets with every product that is on the market. When I was introduced to Isagenix, it seemed simple and complete. I read some of the stories on [www.WeightLossHallOfFame.net](http://www.WeightLossHallOfFame.net) and figured this one just might work.**

**Well ~ today is the 31st day and for the first time in over 7 years, I am beginning to like how I look. I am in jeans that I haven't worn in more than 5 years. In 31 days ~ I have donated 30 pounds to the cosmos and I've given 20 inches as well. In addition to which . . . guess how it makes a Dad feel when your daughter comes to you in tears asking for help about her weight. I tell you, to have the tools and just in time. I told her about Isagenix and she plans to start before the month is out.**

**So now, I have decided I don't want to be slim and trim ~ that is not going to be enough. Before my 50th birthday in October ~ I am going for sexy.**
