

Some People Eat the Fat . . . Some Chew the Fat . . . Others Sit on the Fat

But I . . . Patty Swan . . . I Burn The Fat !

. . . With the most Powerful Cleansing and Fat-Burning System Created

Here is my story . . . I've been on one diet after another. The result was a damaged metabolism. Look at all the fat on my body. I was storing toxic waste! I had years and years of toxin build-up from all the inappropriate foods and dieting I had been doing. I was a quick-fixer . . . if it came in pill form and I could eat anything I wanted . . . that was the program for me!

I tried ISAGENIX, but with my slow metabolism, my results were just not as successful as many others were experiencing.

For one year, I had been using only a portion of the Isagenix System. It made me feel wonderful - so I continued with it. But I kept asking myself every month when my Auto-Ship order arrived - why won't this product work for me to lose weight? Everyone else has been able to lose the weight and keep it off. Why not me?

Then in August 2003, I made a BIG decision. I decided to use the ISAGENIX program completely and faithfully. I did a 9-Day cycle and lost 19 inches overall - but lost 0 (zero) pounds. It is not always about the weight. It's about the FAT and INCHES. I felt great and for the next 6 months - this is what I did . . .

1st - I used the whole Isagenix program.

2nd - I increased my monthly Auto-Ship so that I had enough product for the full 30 days. My success was based upon having enough products to keep me motivated. If I ran out of product, I would lose my motivation and momentum.

By being truly committed for six months - I have gone from a very tight size 18 to a very loose size 10 – and from 198 pounds to 157 pounds. **My total weight loss is 41 pounds.**

The best part is the 67½ inches of fat loss ! This is truly the most incredible product available. My motto is: **ISAGENIX FOR LIFE.** If you want more Energy than you've had in years . . . with Vibrant Health . . . then get on this product immediately - and get going !
YOU CAN DO IT. . . I AM.
