AFTER
ISAGENIX CLEANSE

My name is Nick Taylor and my wife is Janet. When we started the Isagenix program in April 2007, I was greatly overweight and completely out of shape at 255 pounds. Janet weighed in at 140 and wanted to get down to 130. Janet lost 12 pounds and 23 inches by June. She has renewed energy and feels and looks many years younger . . . and how about that great new shape ! :o)

I had total knee replacement surgery on my right knee in September of 2006. When I went to the hospital, they could not get my wedding ring off my finger ~ so they had to tape it in preparation for surgery.

Janet and I went on a cruise in October 2006 and spent a few days in Florida with friends on the way home. I knew that I had to have my left knee replaced so we had a jeweler cut my ring off. We resized it and all was fine until I had to go into the hospital for my second knee replacement in March 2007. I gained even more weight in the meantime and again, they could not get my ring off ~ even after trying cold water, soap, etc.

After 3 weeks on Isagenix, I was sitting in my chair, watching TV and idly playing with my ring ~ and all of a sudden ~ it just slipped off without any help ! Janet and I could not believe it. Neither could my son who had also tried to help get my ring off in preparation for my second knee surgery. We were all blown away !

I have lost a total of 45 pounds ~ and 43 inches using the Isagenix Cleansing Program. I now weigh 210 pounds and have amazing energy. I have been steady at my new weight for the last 2 months . . . simply by staying on the Isagenix Maintenance (Health and Wellness) Program. I went from a 44" waist to a 38" waist.

The most expensive part of Isagenix was having to buy a new wardrobe ~ I was wearing XXL shirts. My suit that I couldn't button up on the cruise is now good for two of us ~ and I happily donated all my jeans and pants to goodwill.

I now wear a 38 waist and all my shirts are Large. No more XXL shirts for me. What a great product.
