This is My Isagenix Weight Loss Story . . . 110 Pounds and Still Shrinking !

My Isagenix experience began out of a serious concern for my health. I had undergone 5 lifethreatening surgeries and my health had been in a steady decline that I could no longer ignore.

My very good friend and business associate ~ Shauna ~ had shared Isagenix with me 5 years prior but my heart and my head were not ready for a serious commitment. Now it seemed there was no way to deny what I knew I needed to do. Once again Shauna called me ~ at just the right time ~ which I don't feel was by accident. She explained the products and also the business / compensation plan. I have been a Network Marketer for many years and know the value of residual income.

April 17, 2007 was the day that I took the first step toward better health and financial security. I enrolled my Daughter-in-love, Michelle, and together we began this incredible journey. With her help as my coach ~ in the first Isagenix Cleanse Program ~ I lost 18 pounds. I was now convinced that I could do this. I continued with the program and soon realized something amazing was happening physically. It was not long before my family and friends had to know what I was doing. Not only was my weight loss obvious but also my complexion changed from pasty gray to a rosy pink. With every Doctor check-up, my need for meds was decreased and life took on new meaning.

Last August at Celebration, I reached my goal of 102 pounds ~ lost forever ~ and I proudly accepted my plaque as a member of the Isagenix 100-pound club. While my waistline keeps shrinking . . . 110 pounds to date . . . my business keeps growing . . . "Ain't it Great" ! I now have a new lease on life and the potential for financial freedom.
