JUAN'S POT-FOLIO

"JUAN'S POT-FOLIO" My weight was out of control. I got back in control with Isagenix, right "BEFORE" the holidays. After the first 9-day cycle, I lost 18 lbs. Then my wife and I went to Hawaii for the holidays and I thought that I would put the weight back on, but it didn't happen. After we got back, I started my second 9-day cycle and lost an additional 15 lbs. I still have another 20 lbs. to go but I am going to do it more moderately with the 30-day cycle. **This stuff really works !!!!**
