THIS IS MY ISAGENIX STORY

BEFORE ISAGENIX CLEANSE

AFTER ISAGENIX CLEANSE

High School teacher since 1995, my physical and emotional health started to go downhill after only five years. It was discouraging. I had a lot of difficulty sleeping and in 2006, I had to begin physiotherapy. Then, in 2008, I was introduced to Isagenix. Being a Science Teacher, I was very skeptical ~ but I thought I had nothing to lose. So I started with the Health and Wellness program. I was so surprised to see all the benefits that I was experiencing and it was only my first week !

I couldn't believe it. No more problems sleeping and physically and emotionally, I felt amazing. I was even losing the fat that we, women, usually start to store with the years. I was regaining the energy, the vitality and the body that I used to have in my twenties. And above all, thanks to my slimmer figure ~ no more physiotherapy !

After six months, another big surprise ~ I was pregnant. At 40 years old and with 16-year-old twins, that was a big change. Losing the weight afterwards wasn't a problem, as you can see in the pictures. I was able to start cleansing again when I stopped breastfeeding and by doing so ~ I lost more than 40 pounds in a few months.

At 42, I practically look like if I was 22 again. I am happy and full of energy ~ with a perfectly healthy baby. My son is now 21 months old and he loves tasting the Shakes and Bars, the SlimCakes, the IsaKids Vitamins and I give him IsaMune almost every day since I stopped breastfeeding.

Today, I'm no longer a full-time High School teacher but I like to say that I teach adults.

For me . . . Isagenix is for life !
